

DESCRIPTION

“**ERBIO TDS**” is a powder product formulated to dissolve organic and inorganic materials, uric acid, scale, fat and grease in toilet systems, drains and pipes.

Product Name : **ERBIO TDS (POWDER TOILET DESCALER)**
Document No : SP-KS-084
Chemical Name : Chemical Mixture
Usage Area : Toilet systems, drain and pipes

A. ORGANIC PROPERTIES

Appearance

Physical Status (20°C): Solid

Color : Light grey

Odor : Odorless

B. PHYSICAL PROPERTIES

pH : 2.0 – 3.0

Molecular Weight : -

Flash Point : -

Density : 1.10-1.20 gram / cm³

Solubility in Water : Dispersible

APPLICATION, FEATURES & BENEFITS

- ✓ Rapid action due to its formulation.
- ✓ Cleans both organic and inorganic compounds.
- ✓ Dissolves uric acid and scale in toilet systems.
- ✓ Eliminates sanitation wastes, grease and fat accumulation.
- ✓ It has antibacterial specialties, which helps ERBIO TDS to reduce the unwanted odor in closed smelly places.
- ✓ Descales drain and pipes.

STORAGE INFORMATION

Store at moderate temperatures, Packing: 25 kgs sealed plastic buckets. Storage Period: 3 years.

DIRECTIONS FOR USE/APPLICATIONS & DOSAGE RATES

Prepare 5% cleaning solution in fresh water. For example add 5 part ERBIO TDS to 95 part water. Then apply it with a brush, spray or wipe with a piece of cloth. Leave the solution on the surface for 5-10 minutes than flush water into the toilet. This will also clean drain and pipes. Repeat the treatment if necessary.
