

## **DESCRIPTION**

**TEAK CLEANER** is an acidic powder used to clean (shine) the wooden surfaces. It can be used on all types of wooden, teak surfaces. After the cleaning it leaves shiny and clean surface.

Chemical Name : Chemical Mixture  
Document No : SP-KS-077  
Trade Name : **TEAK CLEANER (DECK CLEANER)**  
Usage : Wooden and teak surfaces.

### **A.ORGANIC PROPERTIES**

Appearance  
Physical State (20°C) : Crystal powder  
Color : White  
Odor : Odorless

### **B.PHYSICAL PROPERTIES**

pH : 1.0 – 2.0  
Molecular weight : -  
Explosion Limit : None  
Flash point : None  
Relative Density : 1.05 – 1.15 g/cm<sup>3</sup>  
Solubility : Limited soluble in water.

## **APPLICATION, FEATURES & BENEFITS**

- ✓ It is fully environmental and harmless for health. Fully biodegradable.
- ✓ It is suitable for all type of wooden and teak.
- ✓ It cleans and shines the scale, sludge, dirt, micro organismic particles.
- ✓ After cleaning, it brings a new view to the surface.

## **STORAGE INFORMATION**

Packed in original plastic boxes each 25 Kg. Storage period is 3 years.

## **DIRECTIONS FOR USE/APPLICATIONS & DOSAGE RATES**

TEAK CLEANER must be diluted with fresh water. Prepare a solution at the concentration of 5-10%. Use a water-jet or a spraying machine to apply TEAK CLEANER to the wooden surfaces. Wait for 10-30 minutes, then brush the surface, after brushing if needed wash the applied surfaces with clean fresh water.
